

How to Integrate:

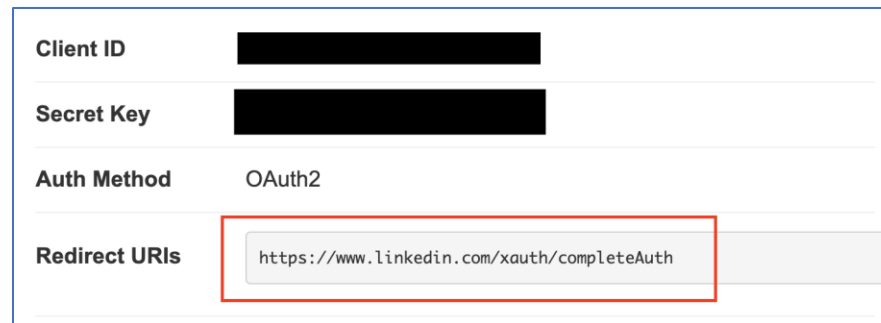

coursera
for business

How to:

Before you start

Before you get started:

- 1 This is a one time only set-up. Please [contact](#) your Coursera for Business rep to obtain the following credentials:
 - Client ID and Secret
 - Organization ID
 - Program Slug(s)
- 2 Log in on Coursera.org with your Coursera Admin API credentials. Account credentials will look like [sa+<companyname>@coursera.org].
- 3 Add Redirect URI: login to Coursera, navigate to the [API application page](#), and enter the LinkedIn URI (see image below) [<https://www.linkedin.com/xauth/completeAuth>]

The image shows a screenshot of the Coursera Admin API application page. The form contains the following fields:

Client ID	[Redacted]
Secret Key	[Redacted]
Auth Method	OAuth2
Redirect URIs	<div>https://www.linkedin.com/xauth/completeAuth</div>

The "Redirect URIs" field is highlighted with a red box, and the URL "https://www.linkedin.com/xauth/completeAuth" is entered into the input field.

- 4 It can take up to 48-hours for new partner content to populate within Learning Hub. You will receive an email when the content is ready.

Note: Learners will need to log in to Coursera.org the first time to activate the integration.

How to:

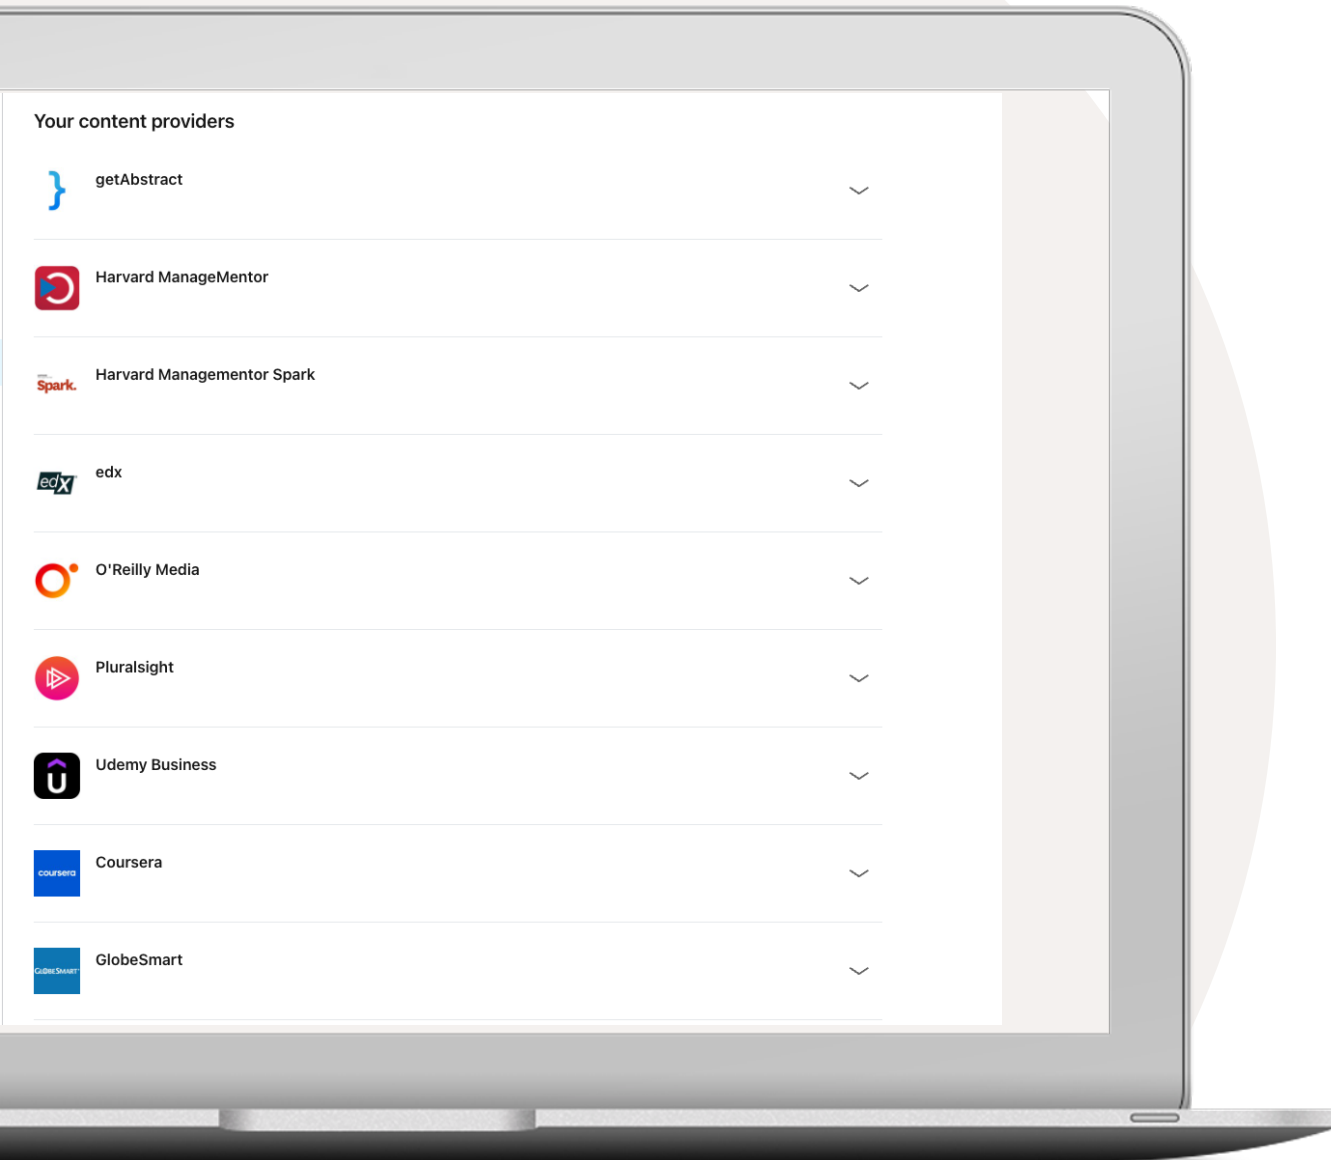

Set up Coursera for Business

Integrate your content subscriptions

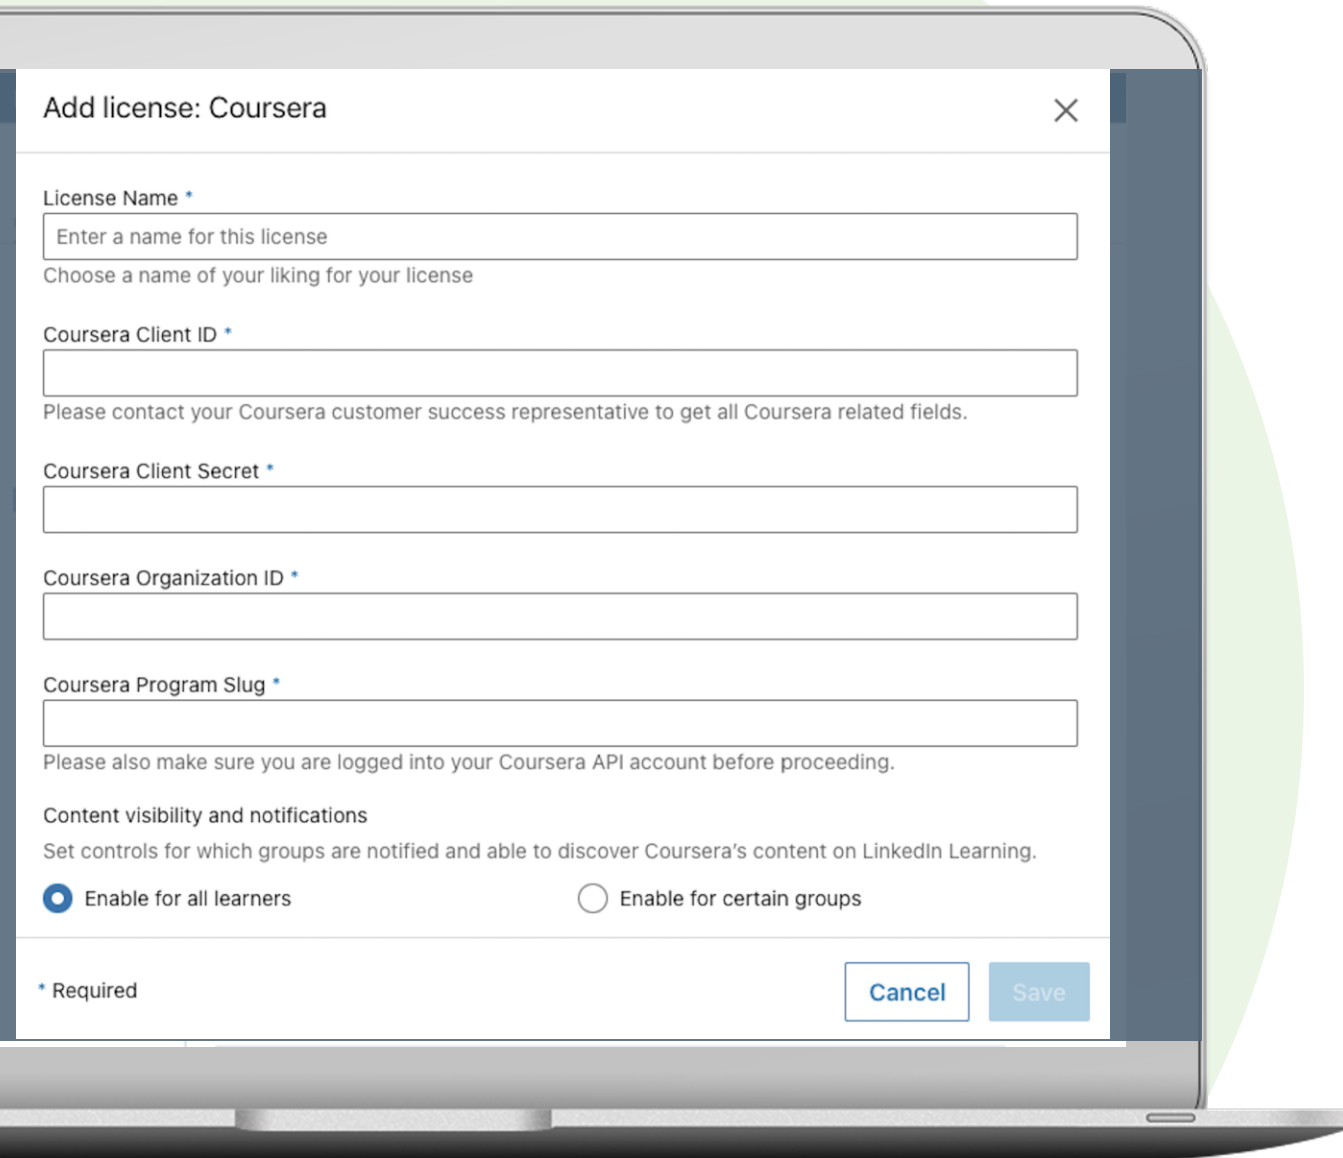

- 1 In LinkedIn Learning Admin, go to your name and select Integrate from the dropdown.
- 2 Select "Add content partners" from the left rail.
- 3 Select 'Coursera' from the list.

BEFORE YOU GET STARTED:

Please log in with your Coursera API credentials on Coursera.org (example below). If you need help identifying your credentials, contact clientsupport@coursera.org.

A screenshot of the Coursera login page. At the top is the 'coursera' logo. Below it are 'LOG IN' and 'SIGN UP' links. The 'EMAIL' field contains 'sa+test@coursera.org'. The 'PASSWORD' field is labeled 'Password'. There is a 'Forgot password?' link and a blue 'Log in' button at the bottom.

Set-up Coursera

The screenshot shows a laptop screen with a web form titled "Add license: Coursera". The form includes several input fields and a section for content visibility settings. The fields are: "License Name" (with a hint "Enter a name for this license" and a note "Choose a name of your liking for your license"), "Coursera Client ID" (with a note "Please contact your Coursera customer success representative to get all Coursera related fields."), "Coursera Client Secret", "Coursera Organization ID", and "Coursera Program Slug" (with a note "Please also make sure you are logged into your Coursera API account before proceeding."). Below these is a section "Content visibility and notifications" with the text "Set controls for which groups are notified and able to discover Coursera's content on LinkedIn Learning." and two radio buttons: "Enable for all learners" (selected) and "Enable for certain groups". At the bottom left is a legend "* Required". At the bottom right are "Cancel" and "Save" buttons.

Add license: Coursera

License Name *

Enter a name for this license

Choose a name of your liking for your license

Coursera Client ID *

Please contact your Coursera customer success representative to get all Coursera related fields.

Coursera Client Secret *

Coursera Organization ID *

Coursera Program Slug *

Please also make sure you are logged into your Coursera API account before proceeding.

Content visibility and notifications

Set controls for which groups are notified and able to discover Coursera's content on LinkedIn Learning.

☒ Enable for all learners ☐ Enable for certain groups

* Required

Cancel Save

- 1 Enter a name of your choice for the license name.
- 2 Enter your **Client ID** and **Client Secret**. Your Coursera rep or clientsupport@coursera.org can assist in obtaining each.
- 3 Enter your **Organization ID**. You may need to [contact](#) your Coursera rep or clientsupport@coursera.org to obtain this.
- 4 Enter your **Program Slug**. Log in to Coursera.org using your API credentials before saving.
Please note: only one Program Slug per license. If you need to add an additional Program Slug, please create a new license.
- 5 Enable content access to all learners or certain groups. If enabling for certain groups, first create one or more [LinkedIn Learning group\(s\)](#), then select 'enable for certain groups'.
- 6 Select 'Save' to continue.

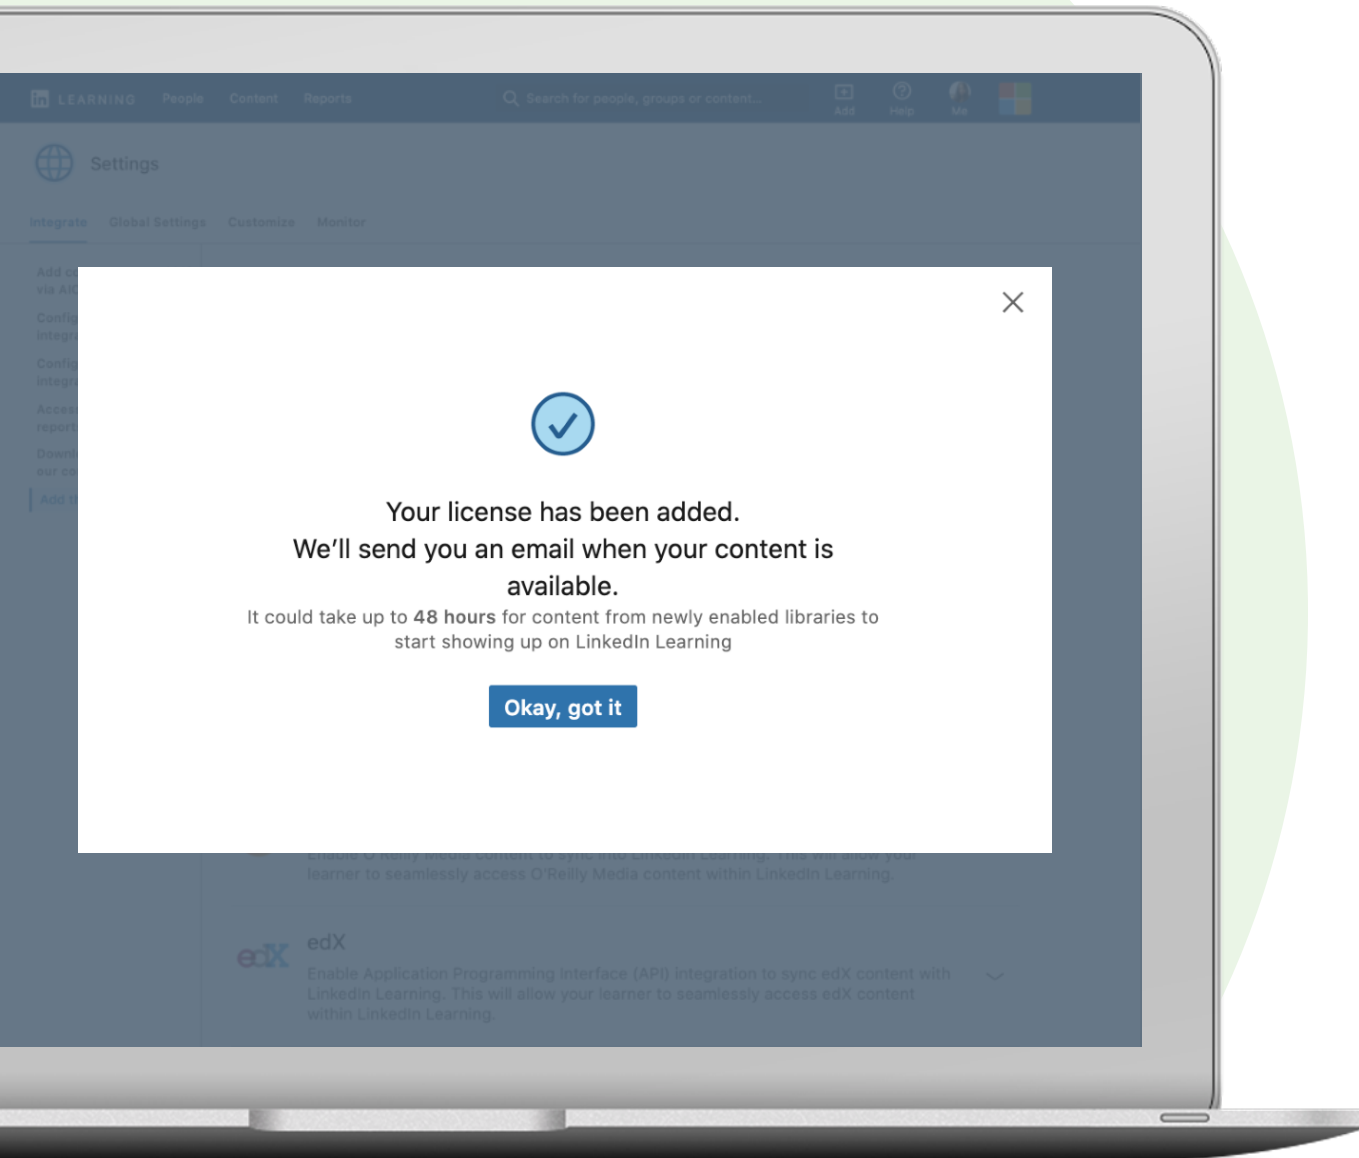

Tip: Log in to Coursera.org using your credentials before you save. Setting up Coursera for Business requires an enterprise subscription.

Set-up Coursera

- 7 Select 'Okay, got it'.

Once you create a license, we will send you an email when your content is available. It can take up to 48 hours for new partner content to show up on LinkedIn Learning Hub.

Yay! You added your license. Look out for the email. It could take up to 48 hours for new content to show up in LinkedIn Learning!

How to:

Manage Licenses

Disable a license

If you would like to temporarily put your LinkedIn Learning Hub integration with a content partner on hold, you can choose to disable it by turning it off.

Please note that disabling a license does not delete the integration.

Delete a license

If you would like to remove a content partner from LinkedIn Learning Hub permanently, you have the option to delete your license(s).

You will no longer see any of the partner content in your account and learners will no longer be able to consume the content.
